RELIEVE

pain, aches, neuralgia, muscular strains
and similar conditions aggravated
by cold weather

Gordon's ANALGESIC CREAM or ANALGEBÄLM LOTION

WITH VITAMIN E

Cream 2 oz @ 8.00 /dozen
or
Lotion 3 doz. @ 22.50

GORDON LABORATORIES

State and Parkview Rds., Upper Darby, Pa. 19082

ALIPLAST — a heat or dynamically moldable foam material with outstanding cushioning and pressure forming characteristics.

ALIPLAST 4E Soft yet resilient flesh-like foam padding, soft tissue supplements, recommended in thicker insoles for the arthritic and neotropic foot.

ALIPLAST 6A Firmer for longer wearing thin insoles. Inlay bases, digital orthotics, slings and shields.

ALIPLAST 10 Very firm yet foam like. For inlays and build ups. 10 will NOT dynamically mold but beautifully heat molds.

SPECIAL INTRO SELECTION:

6A (21" x 36" x 1/8")
4E (12" x 24" x 1/4")
10 (10" x 30" x 0.110")

\$10.00 CASH, POSTPAID
